SELECTING YOUR SIZE:

The first step to select your size is to take your measurements - see the graphic picture of how to measure, then compare your measurements to the sizing chart.

Chest: To Measure the circumference of the chest, wrap the measuring tape around the largest part of the chest, around the armpits and across the full back.

Waist: Measure around the circumference of your waist at the smallest part.

Hips: To measure the circumference of your hips start at one hip, then wrap the measuring tape around the largest part of the buttocks and back to where you started.

****Make sure the tape is kept flat when measuring****

NOTE: THESE SIZES ARE APPROXIMATELY 2 SIZES LARGER THAN OUR FEMALE SIZES
